

Appl. No. : 08/807,500
 Filed : February 27, 1997

REMARKS

Claim 21 has been amended to correct antecedence of terms recited in the claim. No new matter has been introduced by this amendment.

Indefiniteness

The Examiner has rejected Claim 21 under 35 USC §112, second paragraph, as being indefinite. More specifically, the Examiner has indicated that the terms "the nucleotide sequence" recited at lines 4, 6, 8-10, 12, 15, 17, 19, 21, and 23 have no antecedent basis. The Applicant has amended Claim 21 to now recite "a nucleotide sequence" in lanes 4, 6, 8-10, 12, 15, 19, and 22, and "nucleotide sequences" in lanes 17 and 21. Applicants maintain that these amendments address the Examiner's concerns.

Allowable claims

The Examiner has indicated that Claims 3-16, 22, and 28-30 are allowable.

CONCLUSION

It is the Applicant's understanding that the suspension of this application has been lifted. Therefore, in view of the current amendment, Applicant requests an expeditious issuance of the Notice of Allowance. If any question regarding this case remains, the Examiner is invited to contact the undersigned at the telephone number provided below.
